AFROTC OVERVIEW

Air Force Reserve Officer Training Corps (AFROTC) provides college students with the opportunity to receive training and education to become commissioned officers in the United States Air or Space Force. AFROTC offers a combination of academic coursework, physical fitness training, and leadership development. The program aims to produce officers who possess the necessary skills, knowledge, and character to lead in the Air and Space Force.

DETACHMENT 510

Since 1949, UNM AFROTC Detachment 510's mission has been "to recruit, develop, train and commission premier Air & Space Force officers through our tradition of excellence." When you join our cadet wing, you will carry on the proud legacy of the long blue line that originated many years ago.
